

God Will Have to Light My Fire

(Taken from The Doors, "Light My Fire")

You know that it would be untrue
You know that I would be a liar
If I were to say to you
I'm sacrificing all desire.

God will have to light my fire
Shiva, set my soul on fire
I'm too weak to light my fire

The time to hesitate is through
No time to wallow in the mire
Ego mind can only lose
Karma's gonna get more dire

Come on, God-Self, light my fire
Set my heart and mind on fire
Destroy the seeds of my desire!

God's grace alone will get me through
Surrender to the One who's higher
I know I have to pay my dues
Got to do it: Now or Never!

Lord, I beg you: Light my fire
kill all fear and all desire
You must set my soul on fire!

I'm meditating but I'm tired
I've read the scriptures through and through
What else am I supposed to do?
How the hell to light this fire?

Show Your love and light my fire
God have mercy, light my fire
Your lightning bolt is what's required
Set my heart and soul on fire
Your love alone can get me higher
God, you've set my soul on fire!

Dark Light

(Taken from Jefferson Airplane, "White Rabbit")

One light makes you present
And one love brings you joy
And the grace the Goddess gives you
Will drop you in the Void
Don't look back now
When the world's destroyed

And if you go chasing objects
And you know you're wasting time
Don't wait for karma bringin' disaster
To recognize the call
Find your Atman
Before you just fall

If the ego still controls you
All its delusions will perplex
And will turn in to megalomania
Wanting money, drugs, and sex
So find Atman

Or you'll be next

No logical conceptions
Will open up your heart
Mental anguish and the death drive
Are the demons that must depart
Remember who you really are
Shining Star
Shining Star

God's Nectar Jar

(Taken from The Doors, "Alabama Song")

VERSE 1

Please show me the way
To God's nectar jar
Oh, don't ask why
Let me get high

Show me the way
To the nectar of grace
I won't be shy
Just give me a taste!

Cause if I don't find
Your life-giving juice
I tell you I must die
My ego it must die
My ego, my ego,
My ego, it must die.

CHORUS 1

O God, your Theodrama

Is now about to end
So, soon the might of Rama
Will free poor Sita, yes, once again

O God, your crazy Drama
Must now let us ascend
I'm running out of prana
And must have nectar, oh, be a friend!

VERSE 2

O show me the way
to join with Hanuman
Heroes are few
I must be true

Teach me to slay
all the demons within
False self must die
False self will die

O Heart, give me strength
For this victory!

The demons all must die
The demons, the demons,
The demons all must die

CHORUS 2

Musical Interlude

O God, your Theodrama
Is soon about to end
It's time for Divine Mama
To give birth to the gods, again!

VERSE 3

God shows us the way
to the Light of the Real
No time to waste
Just fill with grace

God shows us the way
to the Bliss of the Real

Yes, let's create
Heaven again

Now is the time
This evil it must die
This old world it must die
I tell you, I tell you.
I tell you it must die

CHORUS 3

O God, your Theodrama
Is now about to end
So, soon the might of Rama
Will free poor Sita, yes, once again

O God, your crazy Drama
Must now let us ascend
I'm running out of prana
And must have nectar, oh, be a friend!

Drop all thoughts and feelings
Let ego burn

I know the day will soon arrive
That no one here will be alive
All the world is God's carnival
Nothing's right or wrong, Truth's ineffable

Drop all thoughts and feelings
Let ego burn
